Assistive Agents

CASE STUDY 1

Shopping Assistant

Assistive Agents - Internal facing

Did you know you can build these agents on Copilot 365 ? Checkout dumbmonkey.ai

1. Harry – The HR Assistant

Your go-to guy for policies, leave, onboarding, and performance help—always respectful, never needs a coffee.

4. Georgia – The Grant Finder

Sniffs out the best-fit grants and rewrites your pitches like she grew up in the funding department.

7. Esther – The Estimator

Delivers fast, reliable cost and time estimates using past data, logic, and zero guesswork.

2. Codey – The Construction Code Advisor

Knows every clause in the building code—and tells you exactly what applies, with references.

5. Ravi – The Real Estate Marketer

Auto-generates polished listings, matches buyers, and keeps your property game sharp and fast.

8. Stricty – The Compliance Guru

Translates legislation into action steps, flags non-compliance, and loves rules more than lawyers do.

3. Terry – The Tender Assistant

Breaks down complex tenders, highlights requirements, and helps draft winning responses without the all-nighters.

6. Sofia – The Safety Assistant

Reads through incident reports, suggests compliance actions, and keeps everyone OSHA-happy.

9. Sasha – The Sustainability Advisor

Tracks emissions, flags ESG risks, and suggests green wins your team can actually action.

Assistive Agents - Customer Facing

More case studies on dumbmonkey.ai

Evie – The Event Planner

Plans your perfect event from guest lists to decor — without the stress or spreadsheets.

Glow – The Skincare Advisor

Recommends personalised skincare routines backed by science, not social media trends.

Fixit – The DIY Assistant

Guides you step-by-step through home repairs and projects like a calm YouTube pro.

Stylo – The Personal Shopper

Finds outfits, compares prices, and nails your style — all within budget.

Lando – The Land Packager

Matches land options with house plans, builders, and pricing for the dream-home journey.

Bella – The Bridal Buddy

Your wedding planning bestie — from checklists to chaos control with zero drama.

Edwise – The Course Recommender

Helps you pick the right course or certification based on your career goals, skills, and schedule.

Finley – The Investment Planner

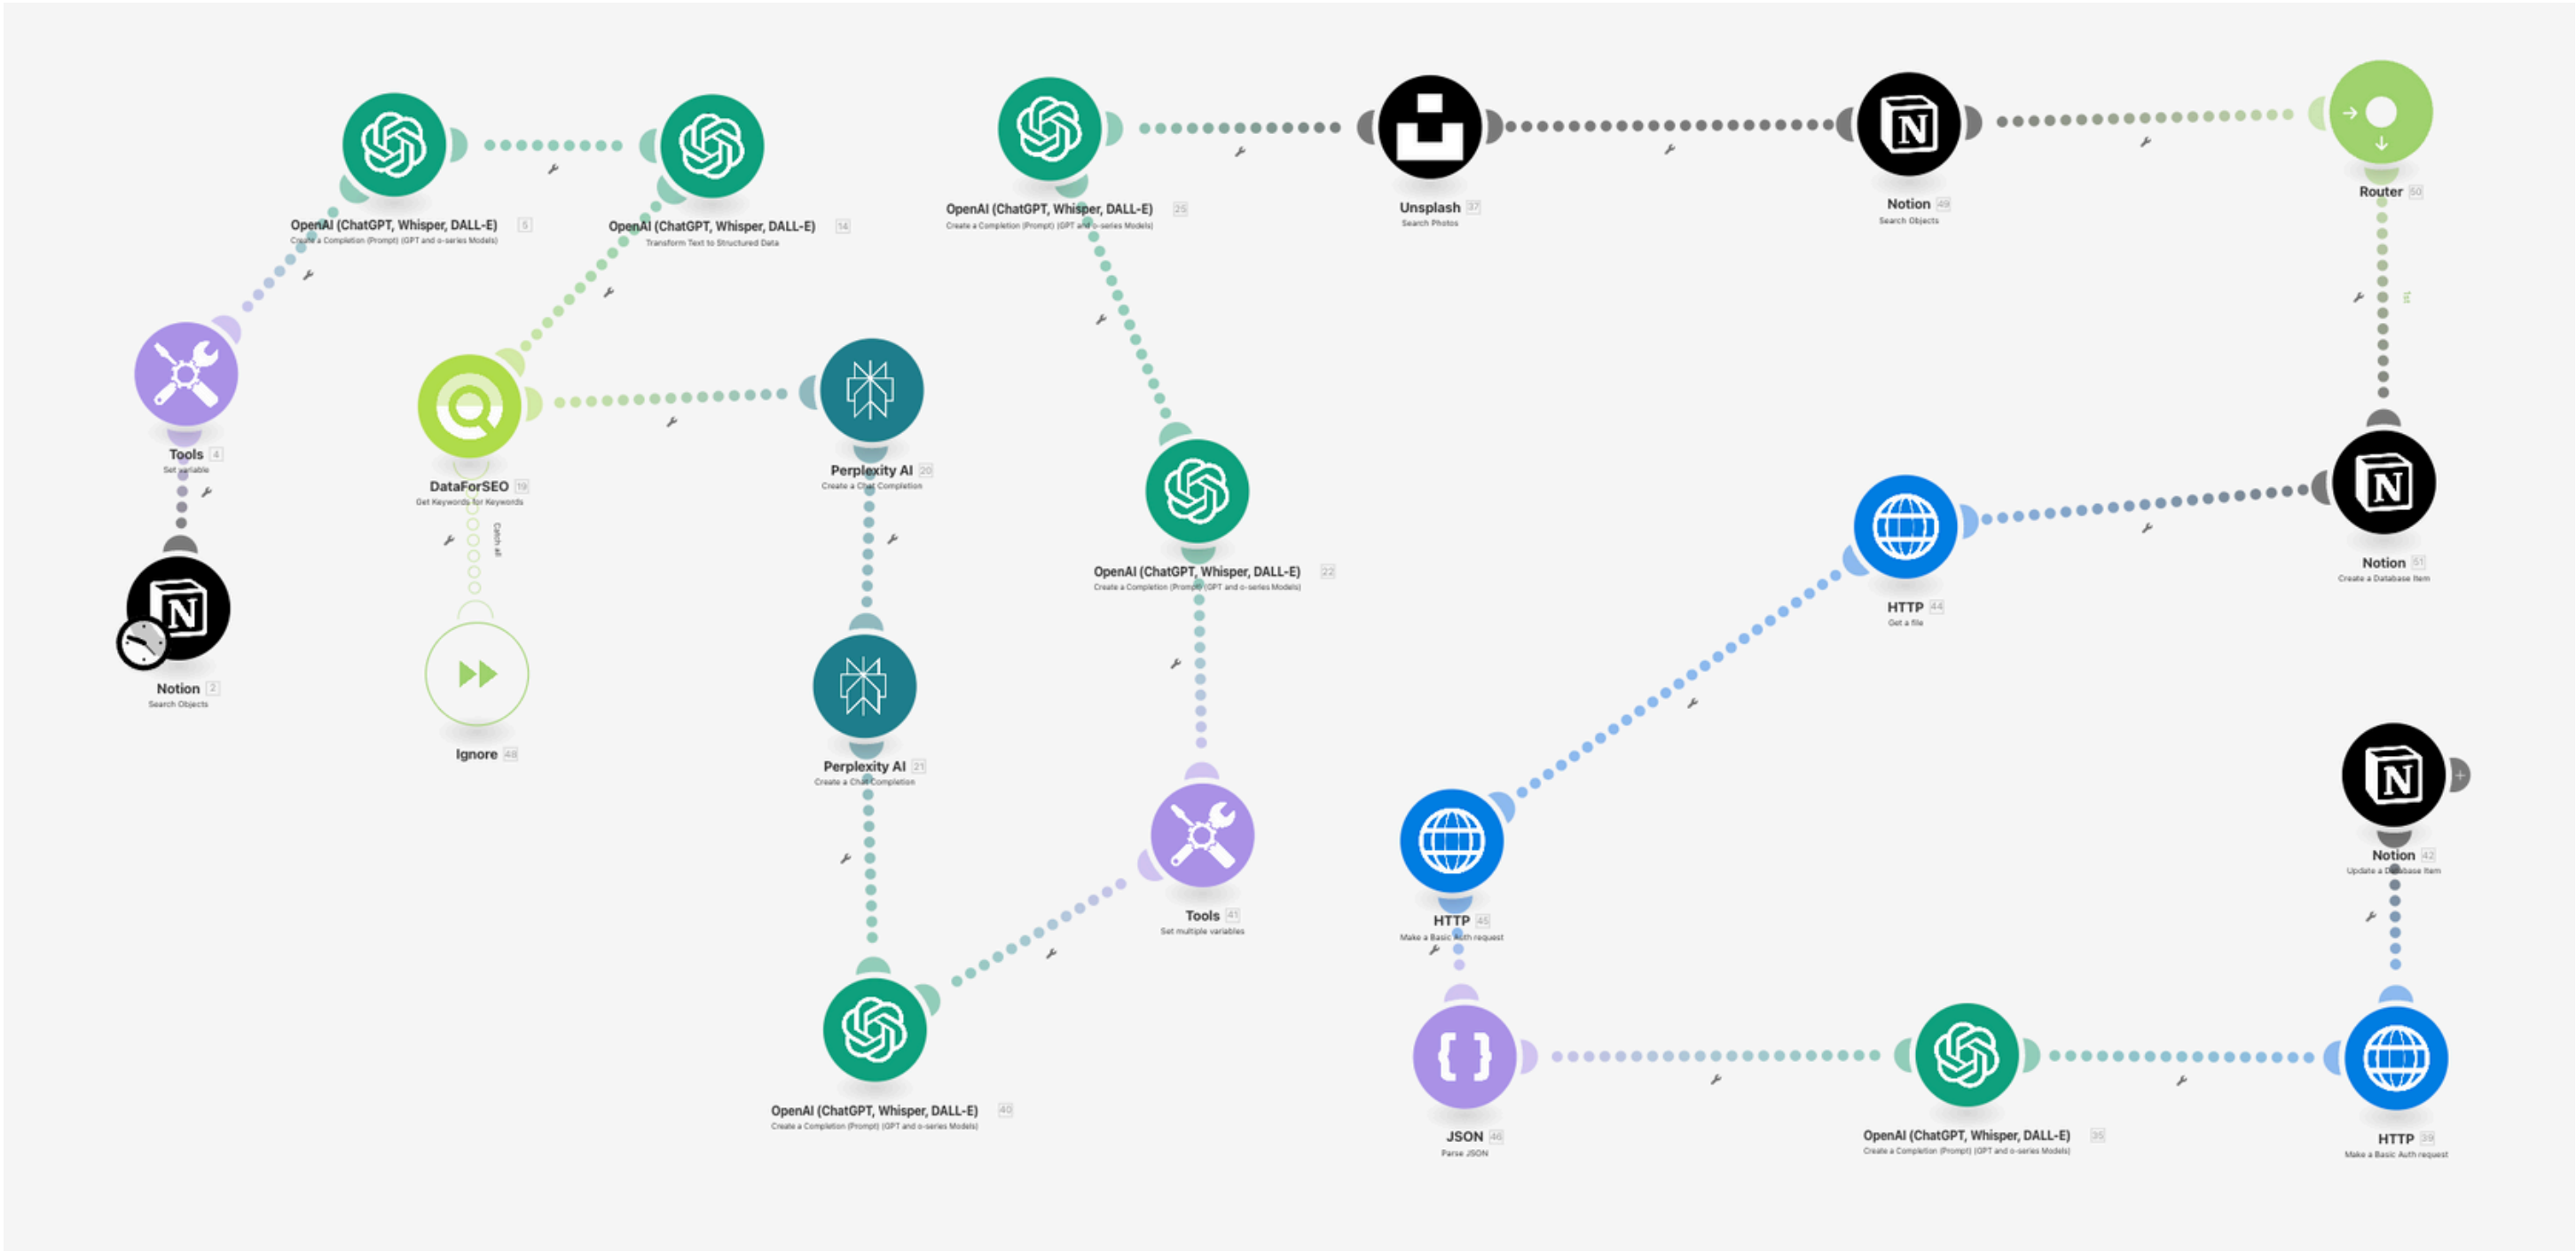

Simplifies your investment options with tailored advice based on risk, goals, and market trends.

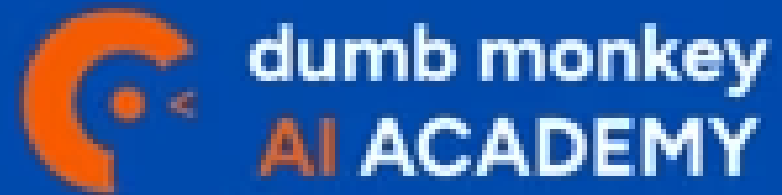

Nina – The Interior Planner

Designs your dream space with layout suggestions, mood boards, and furniture picks that fit your vibe.

CASE STUDY 2

Automation Agents

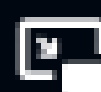

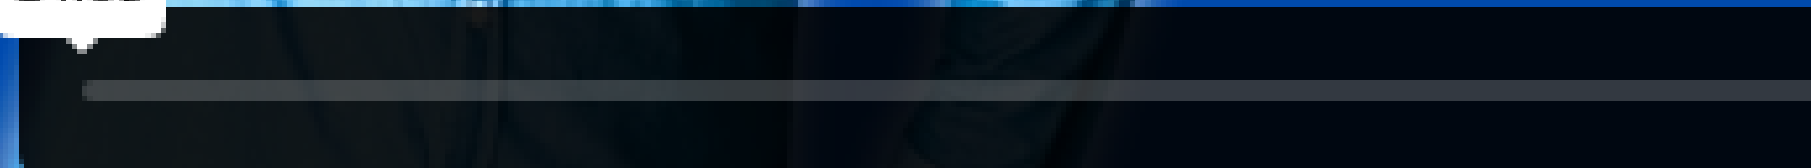

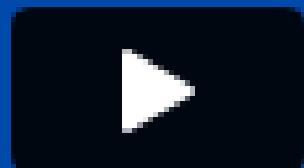

AI Automation - No Code Tools

CASE

CASE: 45-year-old Mrs. Brittany came to your clinic for a general check-up and clean. She used to be a regular attendee to her previous dentist for getting the cleaning done but has not been to him for the last 9 months. You did the examination and found probing depth to be 5-6 mm all over and also took an OPG. Explain your **diagnosis** and **management** to the patient.

Multilingual Dubbing: Case Study

myScenarios.AI

Master real-world conversations through AI-powered voice simulations and instant feedback.

The Training Gap

The Problem

- Soft skills training is **the hardest to scale**.
- Real conversations are **emotional, unpredictable**, and high-stakes.
- Traditional training is **expensive, inconsistent**, and often forgotten.

The Result

Employees freeze, fumble, or fake it—when it matters most.

The myScenarios.ai Solution

Real Conversations. Zero Risk.

[myScenarios.ai](#) uses **AI-powered voice simulations** to let your people **practise critical conversations** anytime, anywhere.

Realistic Role-Plays

with intelligent virtual personas

Instant Feedback

on tone, empathy, and decision-making

Custom Scenarios

aligned to your SOPs, language & culture

Progress Tracking

with enterprise-grade dashboards

 Ready-made simulations OR build your own.

No scheduling. No awkward role-play. Just growth.

Practise the Conversations That Matter Most

myScenarios.ai adapts to every profession where communication is critical.

DOCTORS

A doctor is trained to diagnose a variety of medical conditions based on patient symptoms and medical history.

EDUCATORS

An educator practices classroom management techniques, such as de-escalating conflicts between students or providing personalised feedback.

RETAIL STAFF

A retail assistant practices customer service interactions, such as handling complaints, upselling, and assisting customers with product choices.

CUSTOMER SERVICE REPS

A customer service representative practices handling different customer queries, complaints, and requests.

LAWYERS

A lawyer practices cross-examinations and courtroom scenarios.

MANAGERS

A manager practices conflict resolution, leadership, and decision-making in team settings.

ENGINEERS

An engineer is trained in troubleshooting and problem-solving within specific systems or machines.

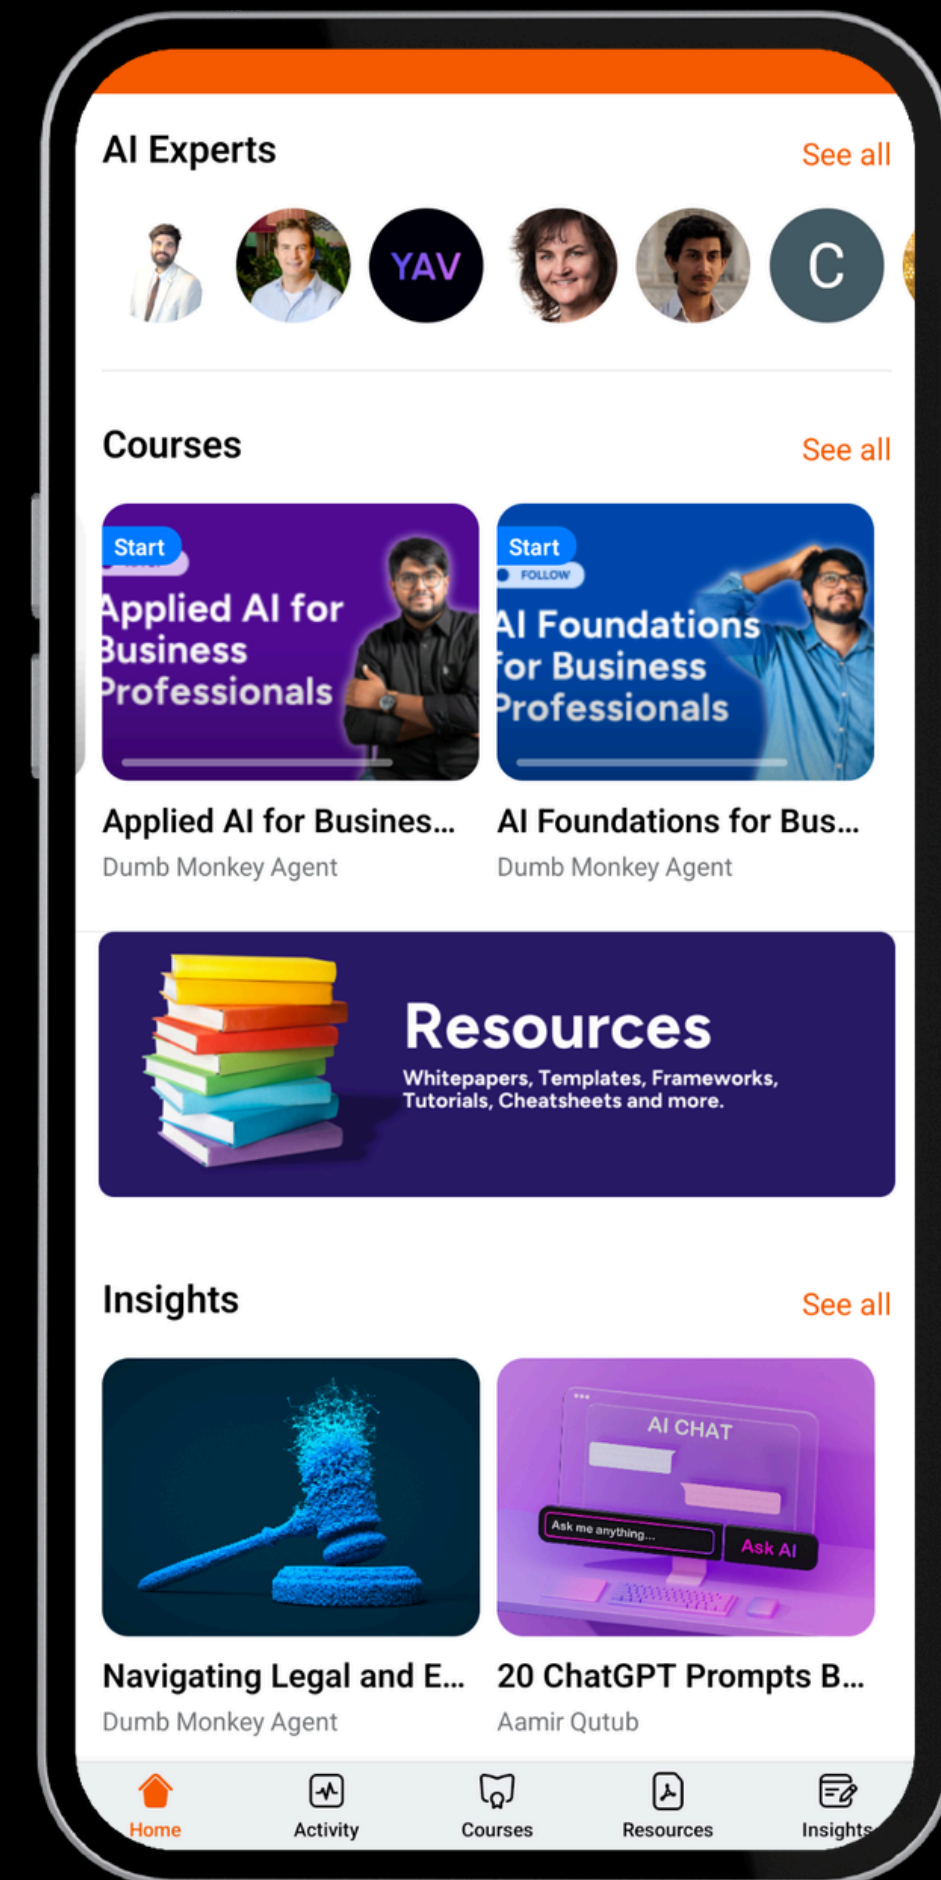

HR PROFESSIONALS

A human resources professional practices handling employee grievances, conducting interviews, or managing performance reviews.

The AI Learning Community Every Professional Needs — Now !

If you're a business owner, leader, or working professional who still has 12+ months left in your career — this is mandatory.

No fluff. No buzzwords. Just AI skills you can use right now.

You'll get:

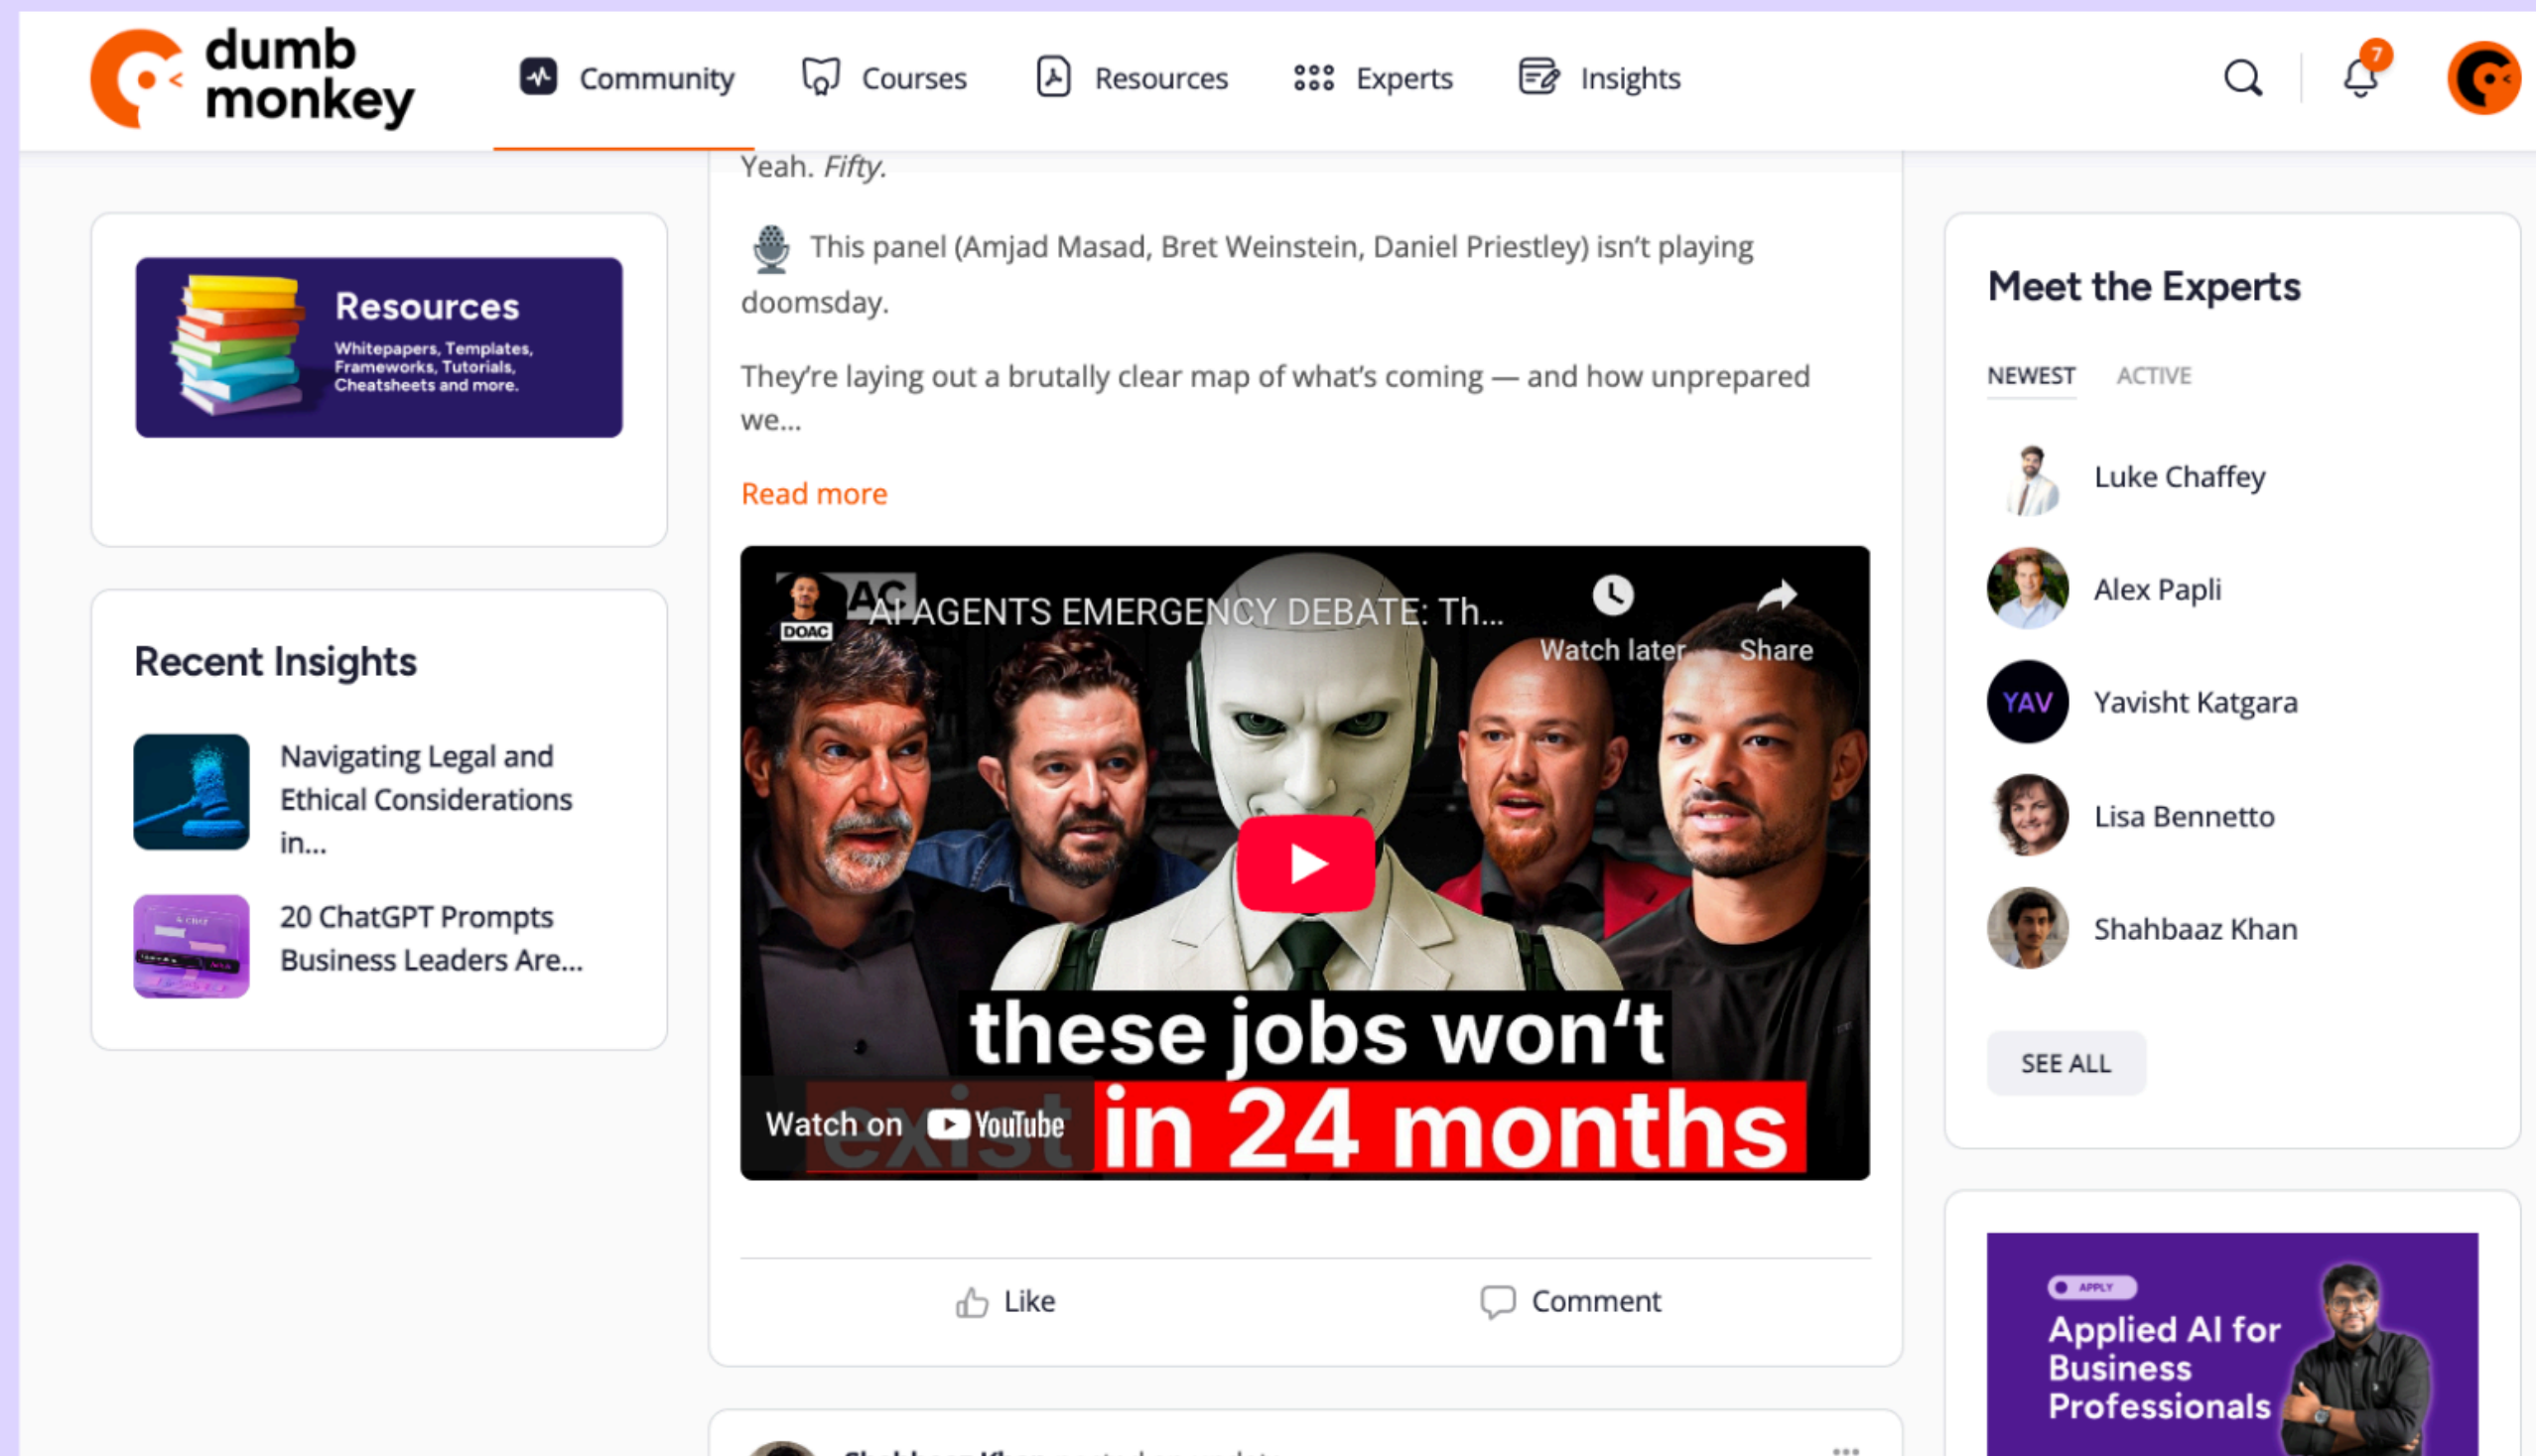

- ✓ Hands-on learning for real-world results
- ✓ No tech jargon. No hype.
- ✓ Built for businesspeople — not coders
- ✓ Used by thousands to save hours, grow faster, and stay ahead

Built-In Community That Actually Helps

You're not alone — and you're not the only one who feels behind.

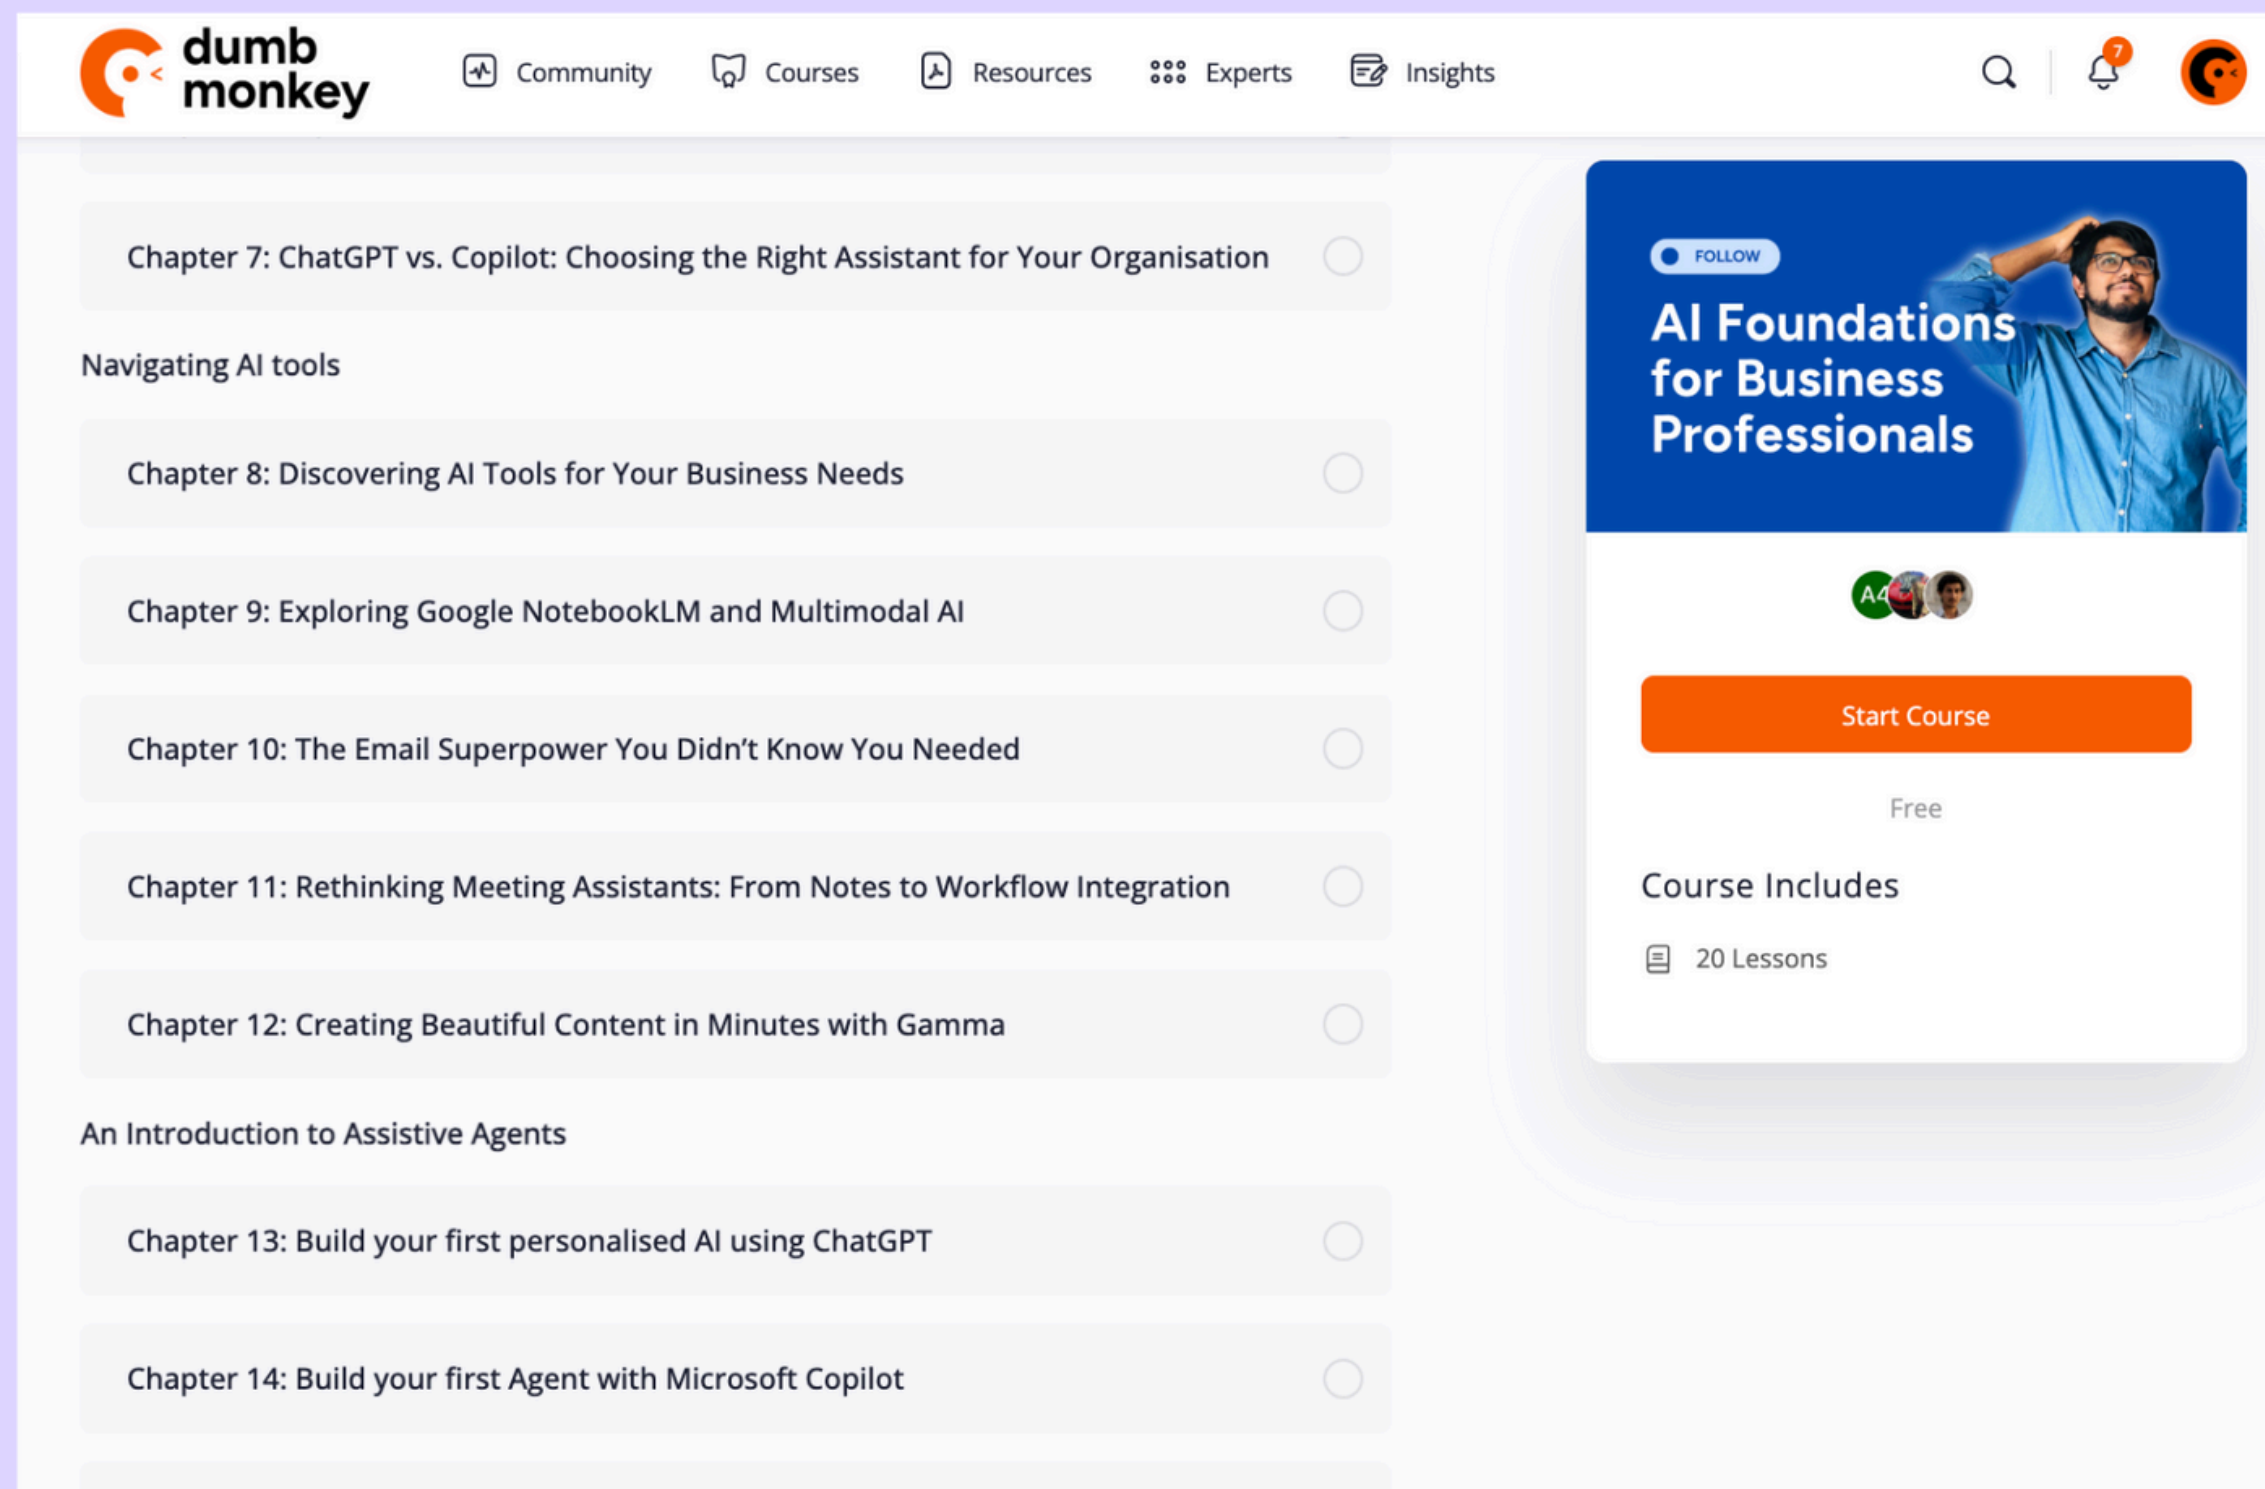

- 💬 Ask questions (yes, even the “dumb” ones)
- 🤝 Learn from peers actually using AI at work
- 📌 Discover what's working for others
- 🚀 Get unstuck and grow with the group

Free Masterclasses & Courses

Get Started on your AI journey with no initial investment.

- ✓ On-demand courses for specific use cases
- ✓ Free live & recorded masterclasses
- ✓ Step-by-step walkthroughs
- ✓ No theory dumps — just what to do and how

Chapter 13: Design, Edit, Create: Using Microsoft Copilot as Your All-in-One Creative Studio

Aamir Qutub

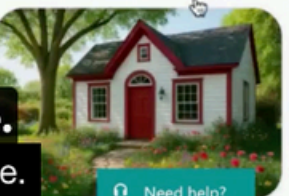

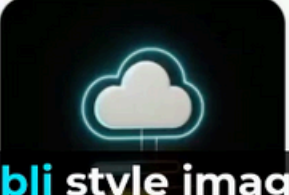

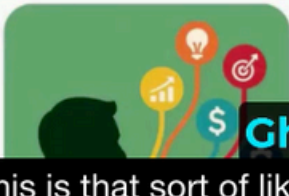

Aamir

Describe your image

Place the man in an abstract landscape with tall, round trees and mountains.

Chibli style image.

This is that sort of like, uh, ghibli style image.

Need help?

Tired of Switching Between Design Tools? Copilot's Got You Covered

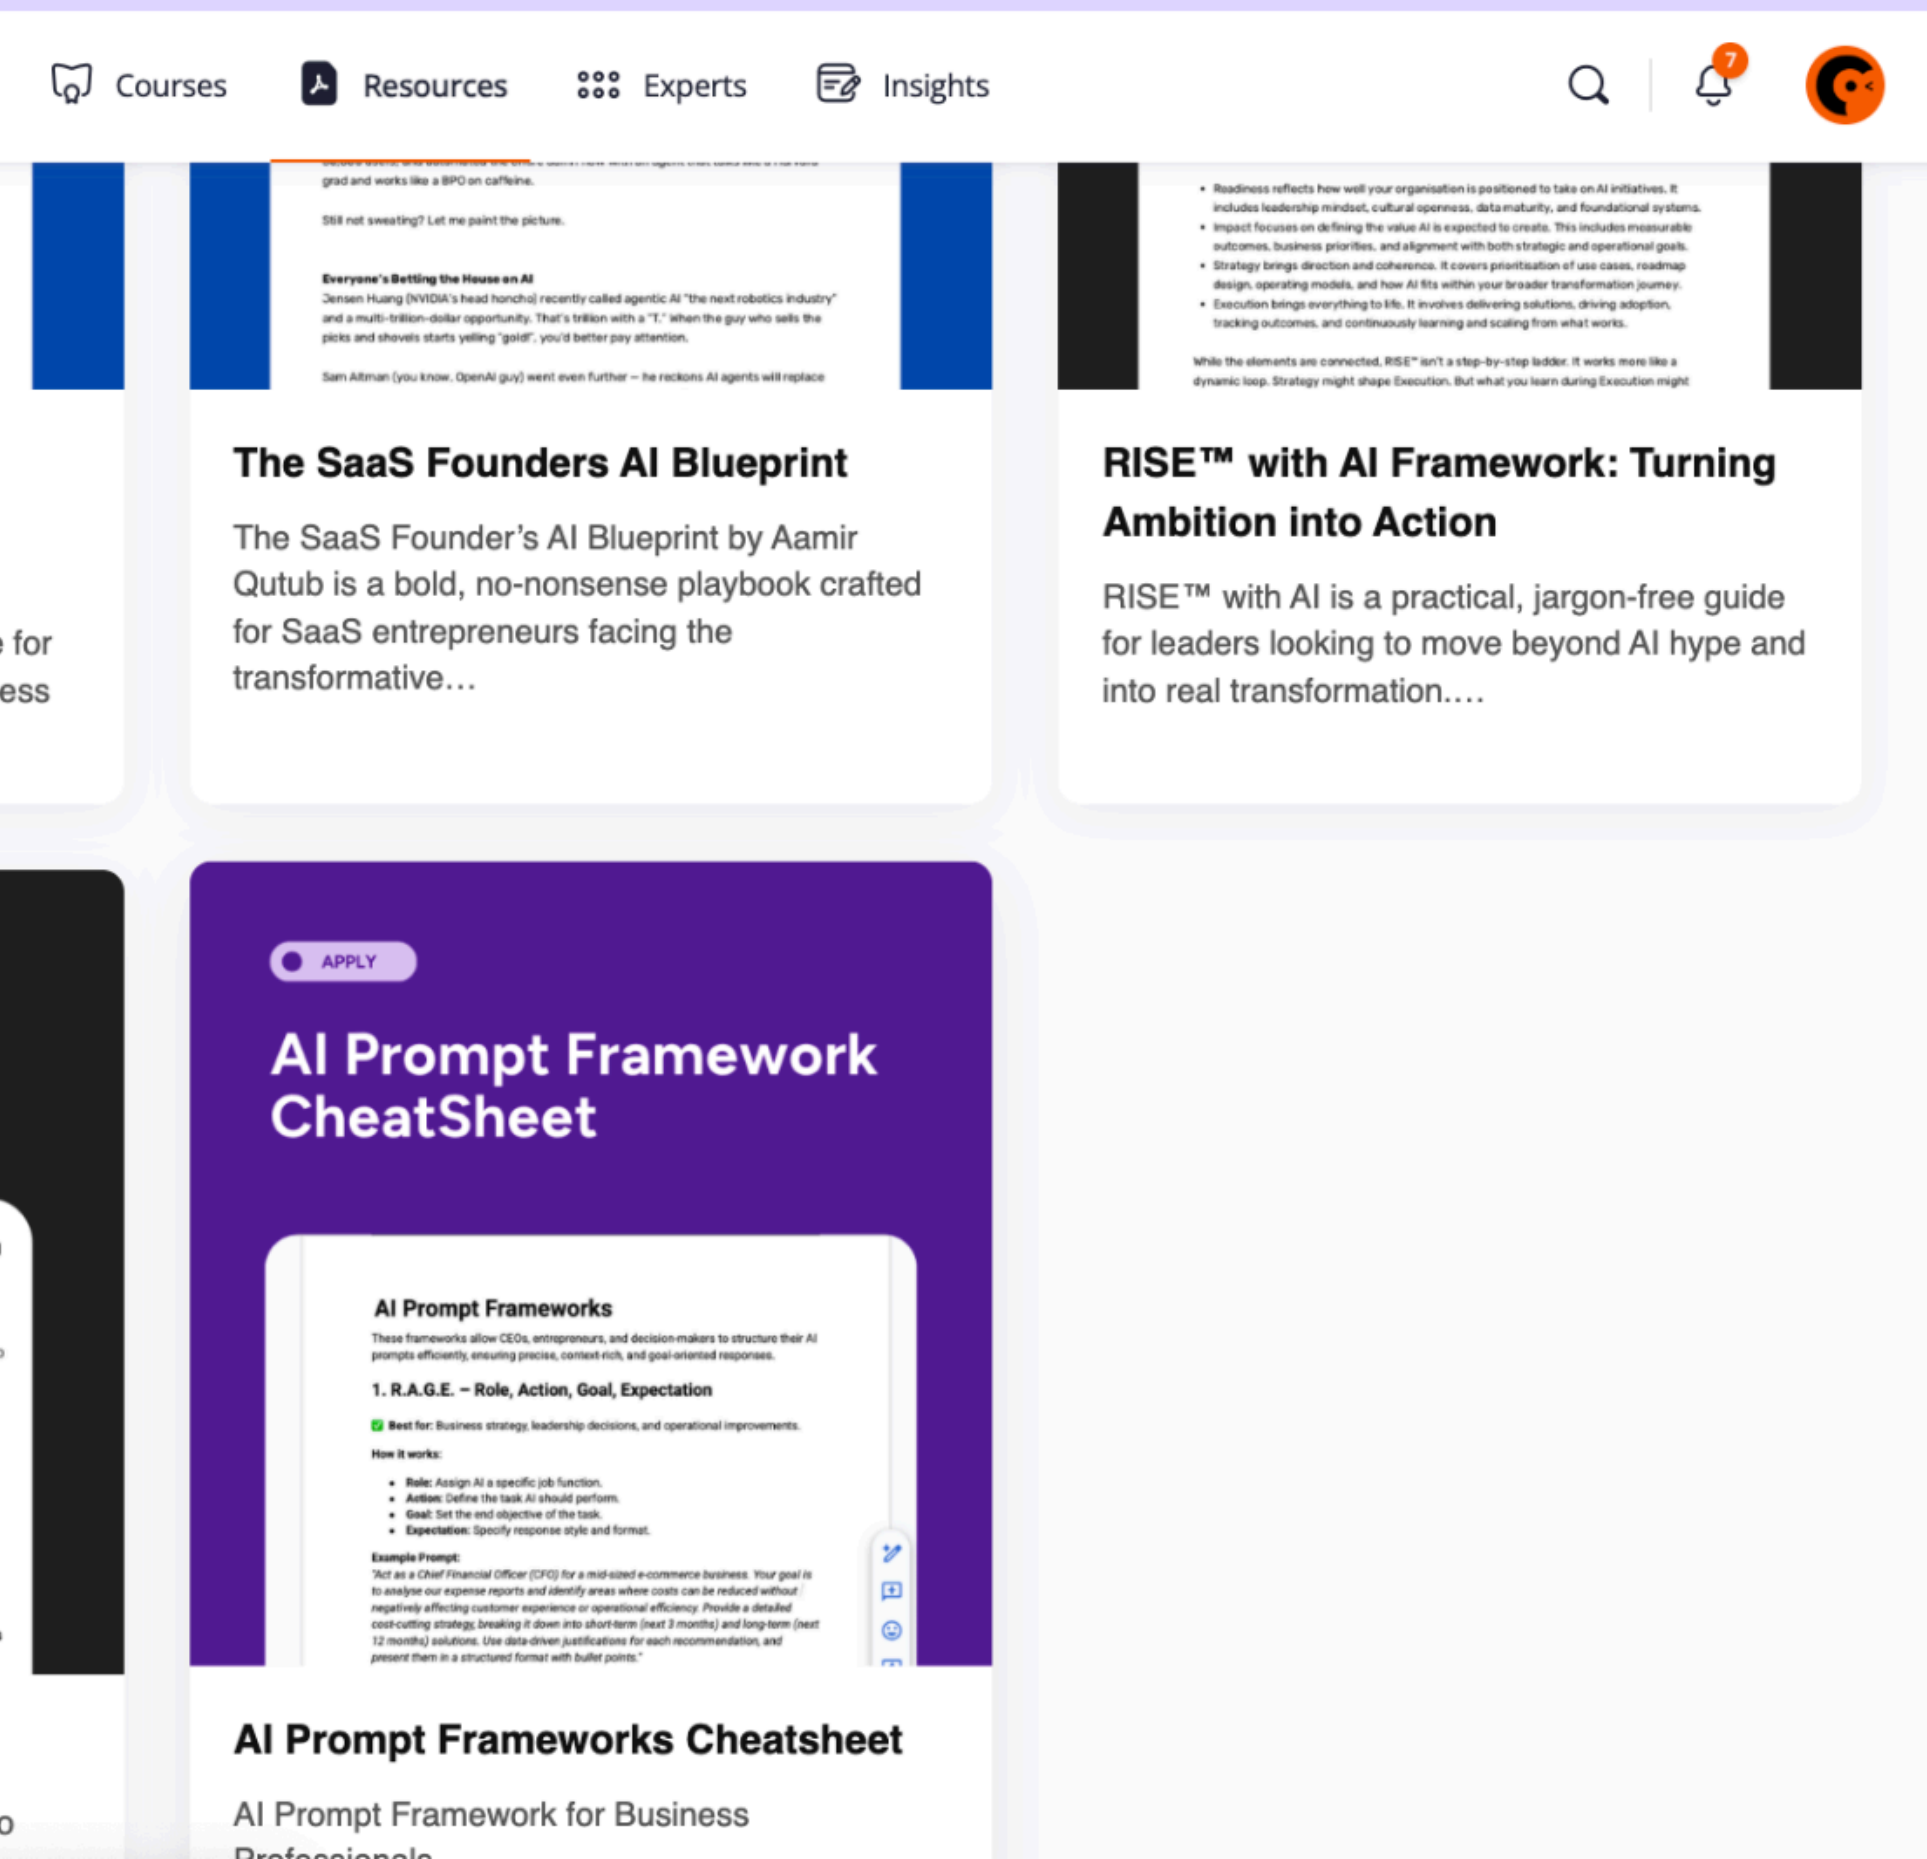

Whether you're trying to:

• Make an event poster 🎉

Get Certified. Be AI-Ready.

Earn proof that you know how to use AI, not just talk about it.

- 🏆 Build your practical AI confidence
- 📖 Earn digital badges to display
- 📈 Show clients, employers, or teams what you can do
- 🎯 Perfect for freelancers, managers, and team leads

Plug-and-Play Resources to Save You Hours

Templates, Checklists, Whitepapers & Tools — Ready to Use.

Inside the Toolbox:

-  Swipeable templates
-  Simple checklists and flows
-  Whitepapers and explainers
-  Tool walkthroughs and best-practice prompts

Learn Directly From AI Experts & Operators

Real practitioners. Real advice. No fluff.

Who's inside:

🎤 Founders, marketers, automation experts, growth leads

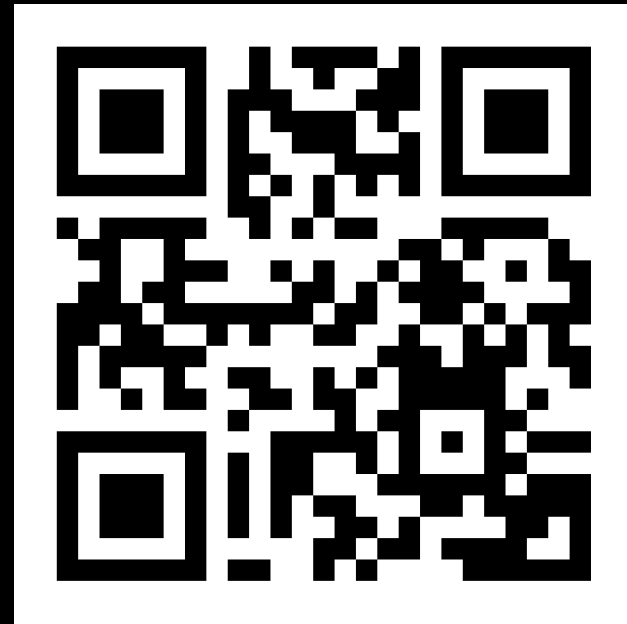

🧠 Guest masterclasses and expert AMAs

📊 Behind-the-scenes walkthroughs of what actually works

The screenshot displays the 'Experts' section of the Dumb Monkey platform. The top navigation bar includes the Dumb Monkey logo and links for Community, Courses, Resources, Experts (highlighted), and Insights. Below the navigation, the 'Experts' title is followed by tabs for 'All Members' and 'Following'. A filter bar shows 'Experts' selected, with 'Newest Members' as an alternative. The main content area features a grid of expert profiles, each with a profile picture, name, join/active status, follower count, and a 'Following' button.
